The New Era of Personal Mobility Has Finally Arrived.

The Model C is a revolutionary approach to power mobility that uniquely evokes an active, can-do lifestyle. Its premium performance and superb engineering provide the versatility and reliability to freely explore your world —with confidence.

Pursue life's adventures with the Model C Personal EV.

Best-in-Class Versatility

Quickly disassembles into three lightweight components for transport in any car and compact indoor storage.

Compact size and patented omni-directional wheels make navigating tight spaces effortless, while large wheels and two powerful motors allow you to drive across rough terrain with confidence.

Patented front omni-wheels

Eliminates common caster wheel challenges

*Without battery. Battery weighs 2.8kg.

**Distance range tested in accordance with ISO 7176-4:2008. The distance will be reduced if the wheelchair is used frequently on slopes, rough ground or to climb kerbs, etc.

Connect Intelligently

Equipped with the latest technology, such as Bluetooth app controls and mobile data connectivity, for greater independence and premium support.

Drive remotely, lock/unlock, and manage speed settings via iPhone app. Remote diagnostics for faster support and less downtime.

Built-in USB port to charge mobile devices on the go.

Drive with Peace of Mind

Keep engaged in your activities and embrace your surroundings by knowing Model C will keep you riding safe.

Audible messages notify you of operational errors.

Arms and footplate flip up for safe and easy access to the seat.

Customization

Choose from six colors and a great selection of accessories to match your personal style and enhance your active lifestyle.
